

Handheld Pan Oiler

AccuSpray's Handheld Pan Oiler provides precise and efficient spraying of release agents for a wide range of pan types with the convenience of a handheld spray nozzle. Designed for accuracy, the metered dispensing system ensures optimal release agent usage while minimizing waste.

Features

- **Handheld Operation:** Easy to use handheld spray nozzle allows for quick, manual application of release agent
- **Precise Control:** Microprocessors ensure precise, pre-programmed amount of release agent is applied with each spray
- **Adjustable Spray Parameters:** Customization of spray amount for optimal application
- **Versatile Design:** Accommodates a wide range of pan types and release agents
- **Automatic Recirculating:** Closed loop system recirculates release agent, ensuring supply stays fresh and preventing clogging of lines
- **Food Safe Components:** Sanitary design featuring stainless steel elements, NSF-certified polyurethane tubing, and heavy-duty DC pump
- **Heavy-Duty Construction:** Rugged design built for durability and longevity
- **Mobile Cart:** Included stainless steel rolling cart allows for easy movement for optimal spraying position
- **NEMA 4X Stainless Steel Electrical Enclosure**
